# **CORPORATE GOVERNANCE**

## **Approach to Corporate Governance**

SKT promotes the development of a system that maintains soundness and transparency while enabling rapid decision making

With this standard, SKT strives to further enhance corporate governance, prove worthy of trust of its stakeholders, and continuously maximize its corporate value.

#### **Management Structure**

SKT Pharmaceuticals has adopted an executive office system under the Board of Directors to separate management supervision from business execution. In addition, SKT has adopted an Audit & supervisory Board system independent of the Board of Directors to audit the execution of the duties by the director. The Board of Directors composed of three (3) members and one outside director who acts as consultant and convenes once a month a month as a rule to decide and report on important management matters.
